"Always Working Hard & Having Fun"

RUSSIAN TRAINING

The key to becoming a well rounded hockey player is off-ice conditioning. We will teach all students the importance of preparing themselves physically through our "Russian Training" program. All drills are specifically designed to strengthen hockey muscles, improve stickhandling skills and introduce plyometric & isometric exercises to each student, daily.

OFF-ICE SHOOTING

Each student will experience our SIHA Shooting Gallery, on a daily basis. Our expert staff will instruct the fundamental skills associated to the following shots: wrist, backhand, snap & slap shots. All shots will be executed through a wide variety of targets, for increased accuracy. We will also be filming and analyzing each student's shot, through the use of iPad technology.

RECREATION

All students will have a chance to switch gears each day, with fun hockey specific recreational games. Our staff likes to play with the kids, for added competition. "All hard work, must be rewarded with fun."

BOX HOCKEY

SIHA offers a box hockey session to all students, which is a great way to build stickhandling skills and a fun group competition. Box hockey is also an upper body development exercise.

LECTURES

SIHA offers daily lectures including; rules discussion, positional play, sportsmanship, off-ice training, and game-tape analysis. All lectures are conducted through the use of our computer and projector for stronger emphasis.

PYLON CUP GAME

Sport International offers our very popular "Pylon Cup Game" at the end of each camp, showcasing each player's new talents from a week of hard work. Our Pylon Cup Game is a 37 year tradition, featuring an SIHA Referee, scoreboard & upbeat music.
